

REYHAN HARDIANSYAH

INFORMATION SYSTEMS | SYSTEM ANALYSIS & SOFTWARE DEVELOPMENT

reyhanhardiansyah26@gmail.com | 0813-8960-9393 | www.linkedin.com/in/Reyhan-Hardiansyah/ | reyhan-hardiansyah.imsisfo.org | 13780, Baru, Pasar Rebo, Jakarta Timur, Indonesia

PROFESSIONAL SUMMARY

Information Systems graduate candidate who has completed all academic requirements and is currently awaiting graduation, with hands-on experience in system analysis, web application development, database design, software testing, data validation, and deployment. Experienced in translating business needs into system requirements, designing UML diagrams and database structures, developing PHP/MySQL-based applications, conducting Black Box Testing, and validating data accuracy. Interested in opportunities within System Analysis, Data Profiling, Quality Assurance, and Software Development. Analytical, detail-oriented, adaptable, and able to collaborate effectively with both technical and non-technical stakeholders.

PROJECT EXPERIENCE

System Management of Raw Material Inventory Integrated with Financial Reporting

UMKM Catering Bebek Colonel Kitchen | Academic / Client-Based Project

- Analyzed operational workflows and translated inventory and financial reporting needs into functional system requirements.
- Designed database structures and implemented an integrated PHP/MySQL web application for stock-in, stock-out, recipes, orders, expenses, and reporting.
- Implemented automated low-stock email notifications using PHPMailer and stock validation logic to reduce operational errors.
- Performed functional validation and Black Box Testing to verify business rules, data accuracy, and application reliability

Company Profile & Custom CMS Website

Institut Teknologi dan Bisnis Ahmad Dahlan & Postgraduate Program | Aug 2024 - May 2025

- Developed and maintained an official company profile website and custom CMS using JavaScript, PHP, MySQL, and Bootstrap.
- Built backend content management functionality to allow administrators to independently manage website content.
- Performed periodic maintenance, subdomain monitoring, and deployment through the itb-ad.ac.id environment to support system stability.

EDUCATION

Bachelor of Information Systems

Sep 2022 - Present

Institut Teknologi dan Bisnis Ahmad Dahlan Jakarta | GPA: 3.80 / 4.00

Computer and Network Engineering - SMK Negeri 22 Jakarta | 2018 - 2021 | Final Score: 81.00

TECHNICAL SKILLS

- Programming : PHP, JavaScript, Python (Basic), CSS
- Framework / UI : Bootstrap, Laravel (Basic)
- Database : MySQL, SQL queries, relational database design
- Analysis : Requirement analysis, UML, database modeling
- Testing : Black Box Testing, functional testing, test cases, bug/defect documentation
- Tools : VS Code, XAMPP, phpMyAdmin, Draw.io, cPanel, PHPMailer

LEADERSHIP & ORGANIZATION

- ·Chairman (Ketua Umum), Information Systems Student Association, ITB Ahmad Dahlan | Aug 2024 - Aug 2025
- ·Head of Research and Scientific Development Division, PK IMM FTD ITB Ahmad Dahlan | Oct 2024 - Aug 2025

CERTIFICATIONS & ACTIVITIES

- ·Speaker, 'From Code to Live (Hosting Web)' Workshop - shared practical knowledge on publishing and deploying websites to public servers.
- ·Voxy English Language Course Certificate - Intermediate (B1), 2023.
