

ANIS KIRANA

Software Quality Assurance Engineer

South Jakarta, Jakarta | aniskirana2@gmail.com
<https://linkedin.com/in/aniskirana>

PROFESIONAL PROFIL

A Quality Assurance Engineer experienced in web and mobile software testing. Proven track record in managing end-to-end testing lifecycles, from test plan creation to deployment. Skilled in functional, regression, and integration testing. Experienced in working within Agile/Scrum environments and committed to enhancing product quality through detailed bug documentation and effective team collaboration.

EDUCATION

Institut informatika dan Bisnis Darmajaya Lampung

Bachelor of Information Systems | 2020-2024

GPA: 3.87/4.00

WORK EXPERIENCE

Ganapatih Akasa Solutions | June 2025 - Present

Quality Assurance

- Independently managed product testing lifecycles, ensuring all features aligned with technical specifications.
- Designed and executed test scenarios and test cases for functional and regression testing.
- Identified and reported bugs/defects using ClickUp, collaborating with developers to ensure timely resolution.
- Performed backend validation via database queries to ensure application data integrity.

Ganapatih Akasa Solutions | November 2024 - August 2025

Technical Writer

- Held full responsibility for creating User Manuals, Installation Guides, and System Architecture Documentation.
- Collaborated with cross-functional teams to document product workflows and technical specifications.
- Managed regular updates to the knowledge base and ensured consistent technical guides for end-users.

Confidential - Government Project | June 2023 – May 2024

System Analyst

- Performed in-depth system analysis and design tailored to government user requirements.
- Ensured end-to-end system development processes aligned with public sector user needs.
- Designed database structures using ERD, created wireframes/mockups, and mapped system solutions into detailed Flowcharts as guides for the development team.

TOOLS

- **Test Management:** Jira, ClickUp, Trello, TestRail, Qase.io, Google Sheets (Test Case & Scenario), Google Docs (Test Plan & Sign-off Report).
- **API & Database:** Hoppscotch, Postman, DBeaver, SQL (MySQL/Postgres).
- **Documentation & Analysis Tools:** Draw.io, Mockups (Figma/Balsamiq).
- **Version Control & Collaboration:** Git/GitHub.
- **Automation:** Playwright (TS/JS), Katalon Studio (Java Groovy), Selenium (Python/Java), Appium.

HARD SKILL

- **Software Testing:** Manual & Automation, SIT, UAT, Smoke & Regression Testing, Performance Testing (Load/Stress).
- **API Testing:** End-to-end API Validation, HTTP Methods, Environment Management.
- **Database Management:** Data Validation.
- **Documentation:** Test Plan Development, Test Scenario & Test Case Design, Bug Reporting, Test Summary Report (TSR), QA Sign-Off.
- **Development Knowledge:** Python, Java, JavaScript, PHP, SQL Schema, RESTful API (JSON), Git Workflow.

SOFT SKILL

- Analytical Thinking
- Attention to Detail
- Communication
- Problem Solving
- Adaptability
